(For details please refer to the attached documents)

## Competition plane:

1 Cessna Caravan Blackhawk reserved for competition jumps only  
1 Cessna Caravan Blackhawk mix of Tandem/ sport jumpers

## Jump altitude:

All competition jumps are from 3,500 m.

## General terms for participation:

- Binding registration by Tue, 30. August 2022 by e-mail to [info@gojump.de](mailto:info@gojump.de) stating the team name, the team members and the desired discipline. If participation in more than one discipline is desired, please indicate the priority of participation in descending order. We try to make such wishes organizationally possible, we can not ensure it.
- No sign up fee. All jump tickets for the competition are 27,00 €, there is no GoJump Reward Stamp for it.
- First, second and third place are honored with awards. Attractive prizes such as tickets, Intrudair Suits etc. will be raffled off among all participants present at the award ceremony.
- In all disciplines, 3 jumps are completed. If the weather does not allow all jumps to be carried out, it will be evaluated on the basis of the jumps made up to that point. If a team does not reach the ranking jump number for other reasons, it falls out of the ranking.
- Teams that do not have a camera flyer should contact us. It may be possible to integrate a camera jumper from the local jumping circle.
- For all competitors there are catering offers at the Go-Grill and in the Bistro at athlete-friendly conditions.
- Barbecue on the night of Sat, 03. September 2022 with free beer for participants.

## WS Distance

Host

GoJump GmbH

Day of Competition

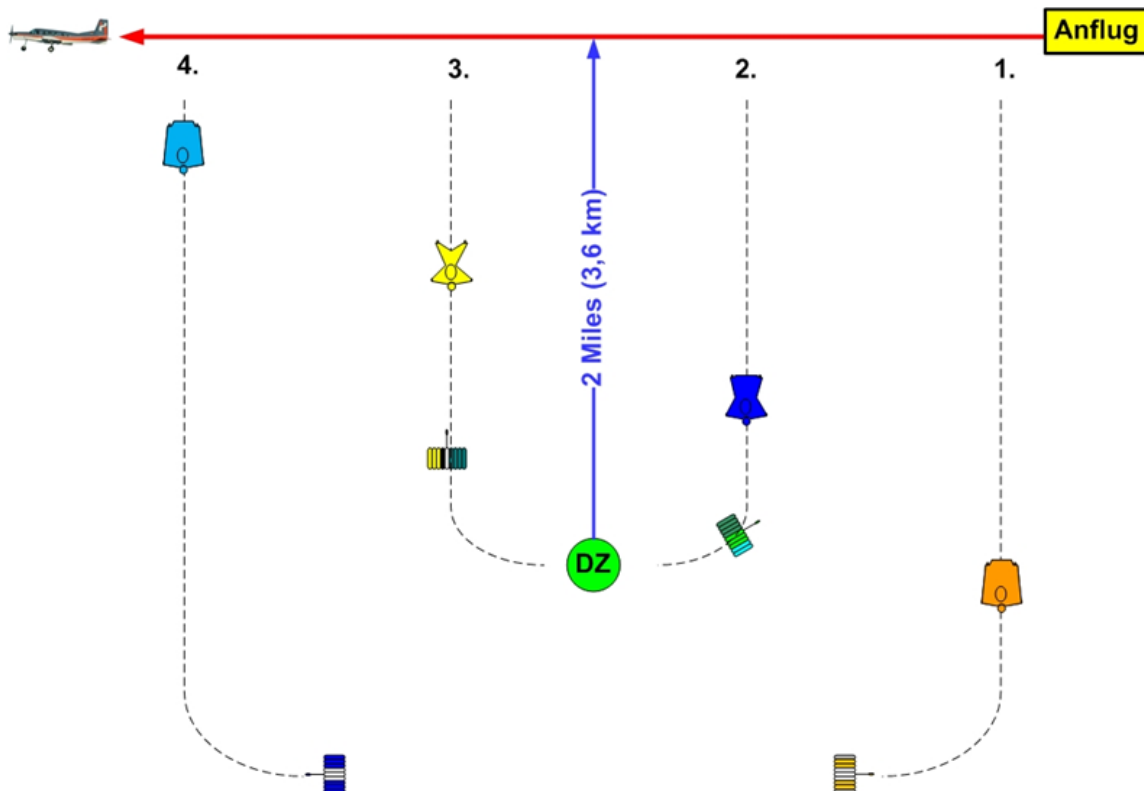

Sat, 03. September 2022, Start 9:00 am

Judge and Competition Leader

Jürgen Brath

### Execution:

- The competition consists of 3 jumps. A jump run is set off at a distance of 2 miles from the dropzone, which runs at a 90° angle to the dropzone (see attachment).
- All types of wingsuits are approved. There is no splitting into intermediate/advanced.
- The ranking is shown exclusively according to the distance value flown.
- Exit is set from an altitude of approx. 3,500 m (FL 115). Flysight measures the horizontal distance flown by wingsuit between the altitudes of 3,000 m and 2,000 m.
- The Flysights will be provided for the competition by GoJump. Own Flysights can be taken along, but the evaluation is carried out exclusively via GoJump Flysights. If the data of the Flysight cannot be evaluated, the participant is free to repeat the flight.
- The scores of the individual flights are not summed up, only the best flight is included in the rating. If not all 3 flights can be made due to weather, then the best one so far counts.
- Should situations arise that are not covered by these regulations, the competition leader (Jürgen) will make a decision.

## FS 2-Way

Host

Fri, 02. September 2022, Start 10:00 am  
Sat, 03. September 2022, Start 9:00 am

Competition Leader and Judge

Jens Richter

### Execution:

- There is only one 2-Way Class A with 3-4 points per round. The code Sportif applies.
- The model of the nationwide 2-series competition is taken as a model with the official DFV 2-Way Divepool.
- Evaluation over 3 rounds, current competition program of the DFV Beginner Category (A)
- Deviating from the WDM and the FAI rules, the competition can be evaluated by a registered referee or under the responsibility of the operations manager. Only the results are reported. In case of controversial questions, the corresponding videos will be sent in and evaluated by the organizer. The organizer can also make random samples of the results.
- Dive Pool Drawing: from Thu, 01. September 2022; 30 minutes after the end of jump operation with subsequent publication on [www.gojump.de](http://www.gojump.de) and e-mail dispatch to registered participants.
